## GOSNELLS - Walking and Bike Riding Information

## How do you get around?

More people are choosing to walk, wheel and ride in the City of Gosnells and the City of Armadale. Replacing short car trips with active travel helps you connect with your community and is also great for your health and the environment.

### Walk, wheel and ride

Walking, wheeling and riding are great ways to get active. This map identifies walking and bike friendly routes, quiet streets, on-road bicycle lanes and shared paths.

Think about the local trips that you make such as going to the shops, work, dropping the kids at school or visiting friends. Which of these could you do by walking, scootering or riding?

### Catch a bus as part of your journey

Use this map to see if you can walk, wheel or ride to the bus stop or interchange.

Scan the QR code to visit the Transperth website to find out about the new and enhanced bus services operating during the Armadale and Thornlie Line shutdown.

You can plan your journey by phone (call the Transperth InfoLine 13 62 13), online or by using the Transperth app for iOS and Android.

### Lock up your bike

Did you know you can lock your bike for free in the secure bike shelters identified on the map? Register your SmartRider for the bike shelter on the Transperth app or visit [transperth.wa.gov.au/cycling](https://transperth.wa.gov.au/cycling).

### Tips for sharing the path

Slow down and be courteous, especially with people moving slower than you

Thanks for ringing your bell to let others know that you're approaching

Make sure you and your family wear a helmet to keep safe

Did you know bike riders can legally ride on footpaths in Western Australia?

Stay alert, keep your eyes off the phone and on the path ahead

eRideables must travel 10 km/h or less on footpaths and 25 km/h or less on shared paths

For more information on eRideables visit [wa.gov.au/organisation/road-safety-commission/erideables](https://wa.gov.au/organisation/road-safety-commission/erideables)
